Subject:- Kalighat Memorial Works at Calcutta.

Sir,

With reference to correspondence ending with your letter No. 1118/Muz. 93-36-7 dated the 9th February 1937, on the above subject, I have the honour to forward herewith a copy of the report and other enclosures received from Mr.B.Narasimha Iyengar, Assistant Engineer, who was deputed to inspect the above works.

2. The suggestion made by the Assistant Engineer in his report that an Engineering subordinate working in the Palace or Public Works Department may be deputed to prepare the estimate for repairs once in 4 or 5 years may be accepted.

I have the honour to be,
Sir,
Your most obedient servant,

For Chief Engineer of Mysore.

V.S.

R E P O R T.

The Kalighat Memorial building was inspected by me from the 12th to 15th of March 1937 and the representative of the Firm was also present on the 1st day to point out the works done.

2. The grounds and the buildings were found in good condition are also the flower beds which were well maintained.

3. The works were reported to have been done more than an year ago and judging by the condition at present which was satisfactory, the repairs have been done properly.

3. Several items in the bill do not admit naturally of check but all items were scrutinised and such of the item which are of an original nature have been noted on the copy of bill resubmitted herewith.

4. As the amount involved in the cost of repairs is rather large and repairs are done, it is suggested that an Engineering subordinate working in the Palace or Public Works Department is deputed in the 1st instance to prepare carefully an estimate periodically once in about 4 to 5 years, and then be present during the execution, which after all will be a short period.

5. The dome portion in the Memorial may be done once for all in coloured cement instead of plaster repairs and then painting the former being more economical and lasting.

Md. B.Narasimha Iyengar,
Assistant Engineer,
No. 1 Sub Division.
